

# O&G Solutions Ltd

We provide speedy consistent and accurate Services you can

# About Us

O&G Solutions Limited was incorporated as a wholly indigenous provider of

**Integrated Engineering**

**Production Solutions**

**Mechanical Solutions**

To operators of oil & gas and hydrocarbon processing facility.

Since its inception O&G Solutions has successfully executed projects for various companies including leading local operators in the Nigerian Petroleum industry.

## About Us (Our vision)

### O&G SOLUTIONS LIMITED INTENDS;

To be the premier provider of early production systems and power solutions to energy companies in sub-Sahara Africa, now and in the future, through our four **P'S**

PEOPLE

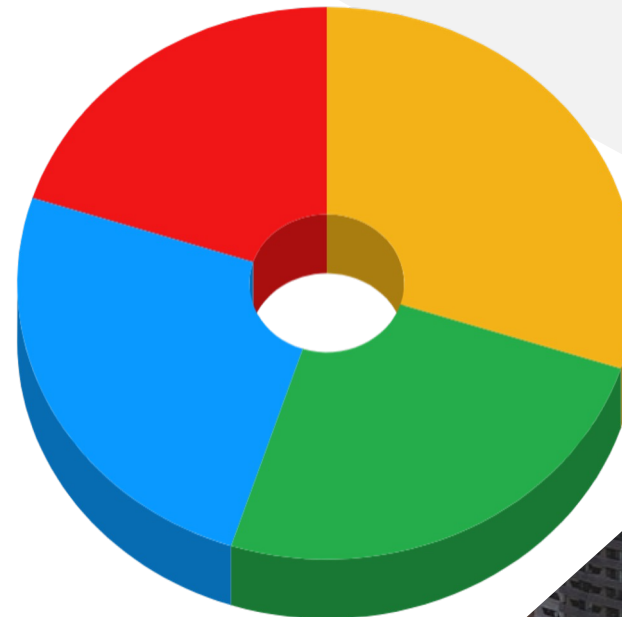

PROCESSES

PARTNERSHIPS

PERFORMANCE

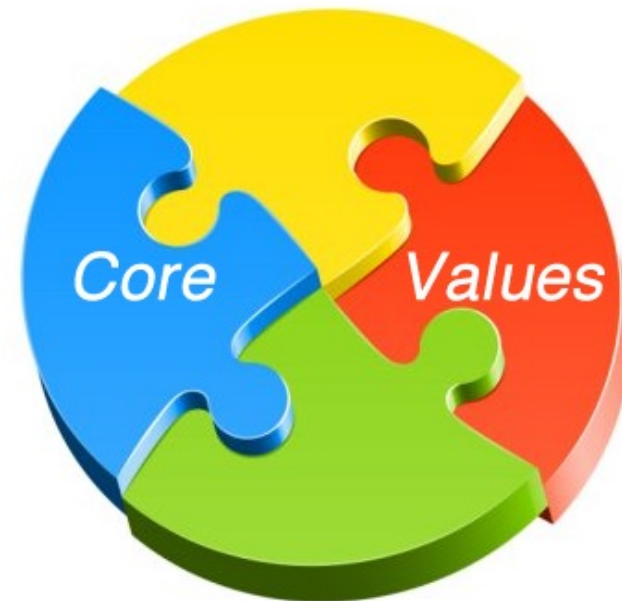

# Our Core values

Our Culture as O&G solutions is shaped by these Values;

**1 PROFESSIONAL SERVICE**

**2 CONSISTENT PERFORMANCE**

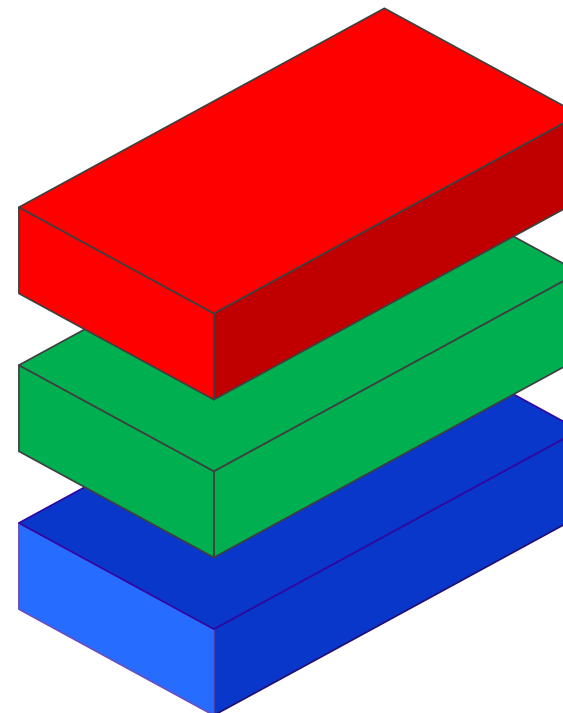

**3 INNOVATION**

# Our Services

We market our services under the following business streams;

- 01 ENGINEERING SOLUTIONS**  
Projects, Instrumentation & Control,  
Electrical, Training and Consultations.
- 02 PRODUCTION SOLUTIONS**  
Operations, Maintenance and Procurement
- 03 MECHANICAL SOLUTIONS**  
Welding , piping & Fabrication

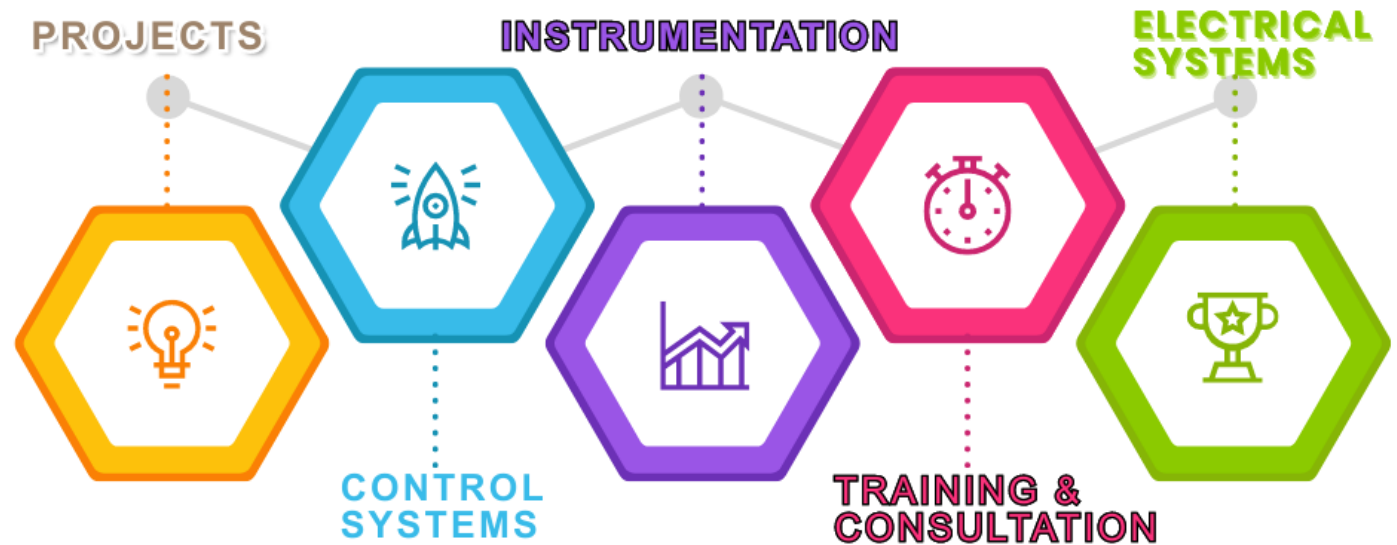

# Engineering Solutions

## ENGINEERING SOLUTIONS

Our Engineering solutions is managed under 5 departmental functions;

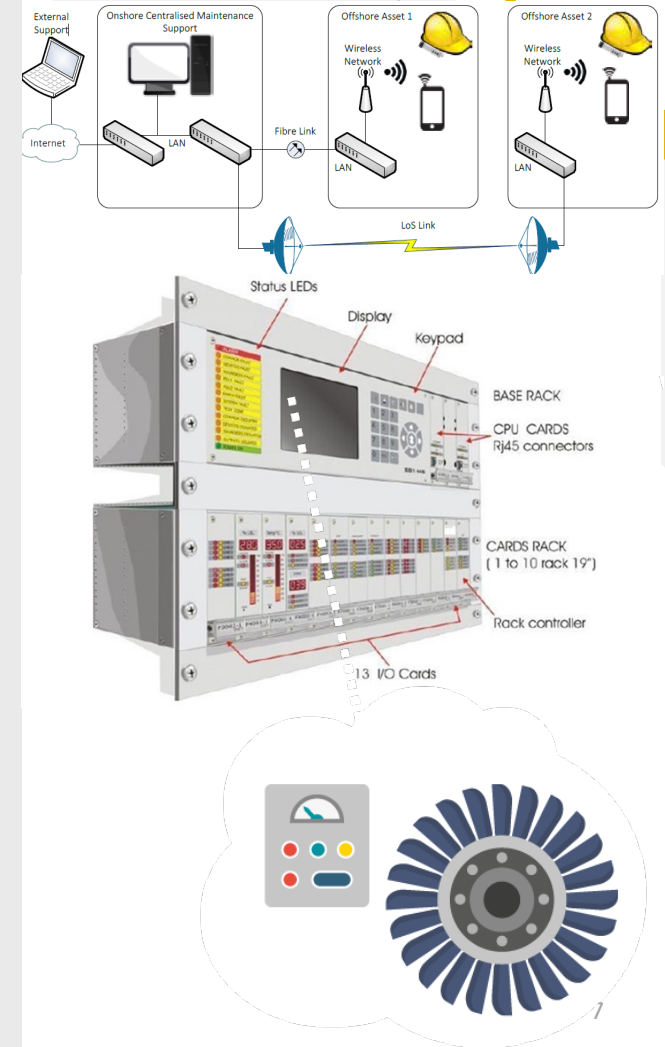

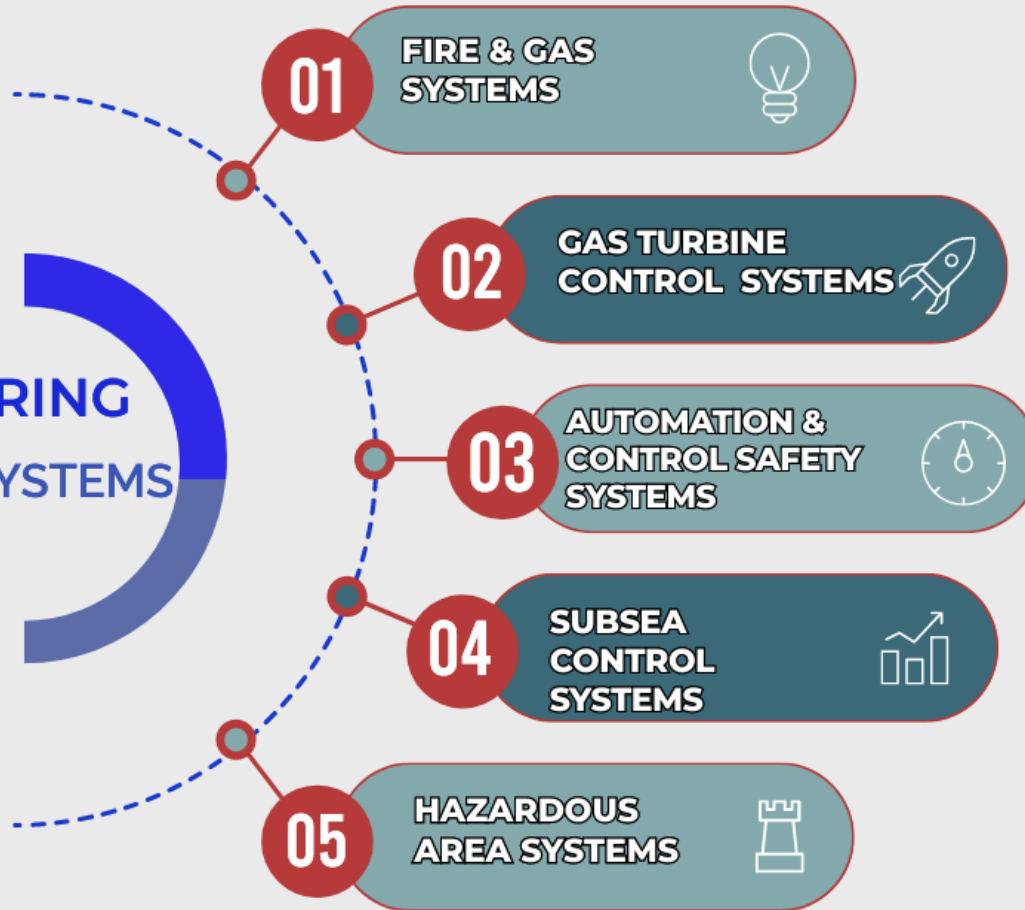

TECHNICIAN TEAM

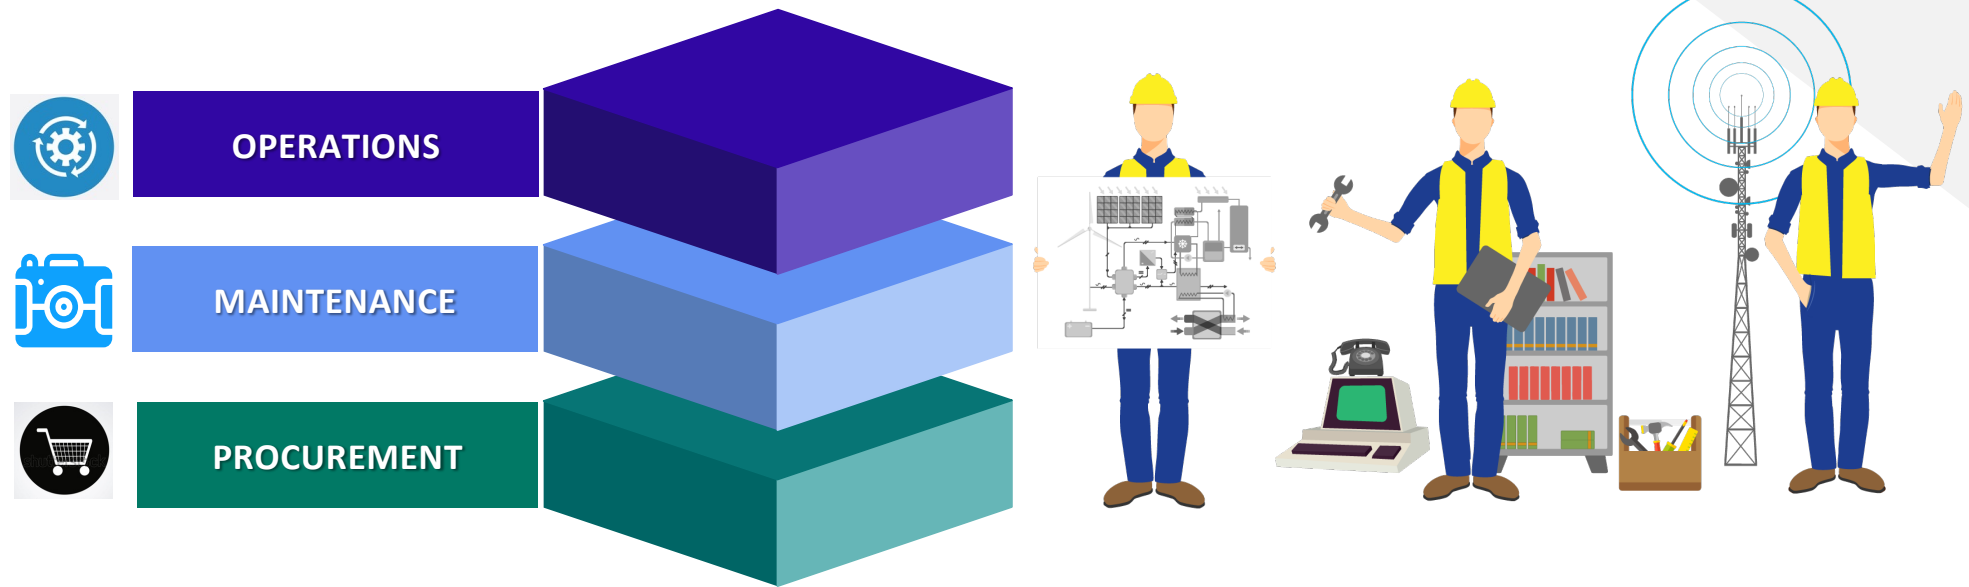

# Engineering Solutions Control Systems

## ENGINEERING CONTROL SYSTEMS

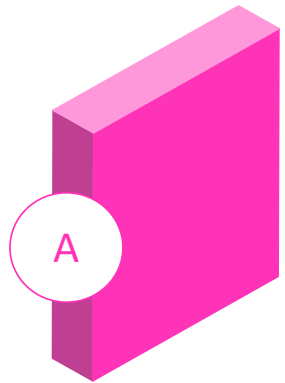

# Production Solutions

Our service range covers both onshore and offshore process facilities including FPF, EFP, MOPU, FPSO.

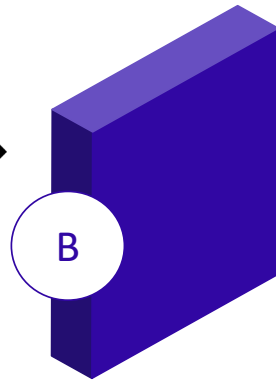

# Mechanical Solutions

Our Mechanical Solutions involve the various services

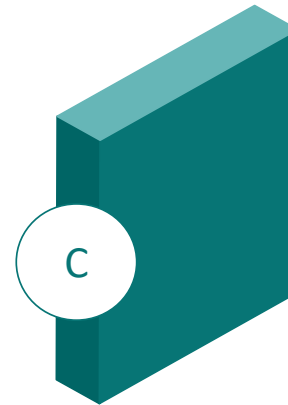

## Piping fabrications

Welding & fabrications

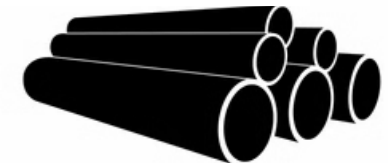

## Structural

Structural and Civil Works

## Valve Servicing

Maintenance and Servicing of 4-way Valves, General Valves etc

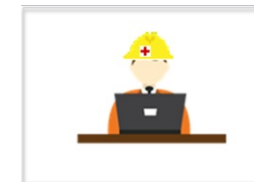

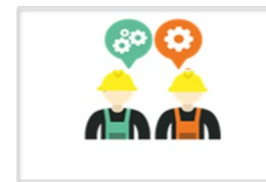

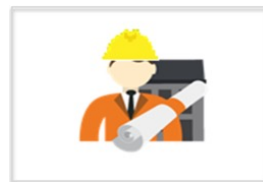

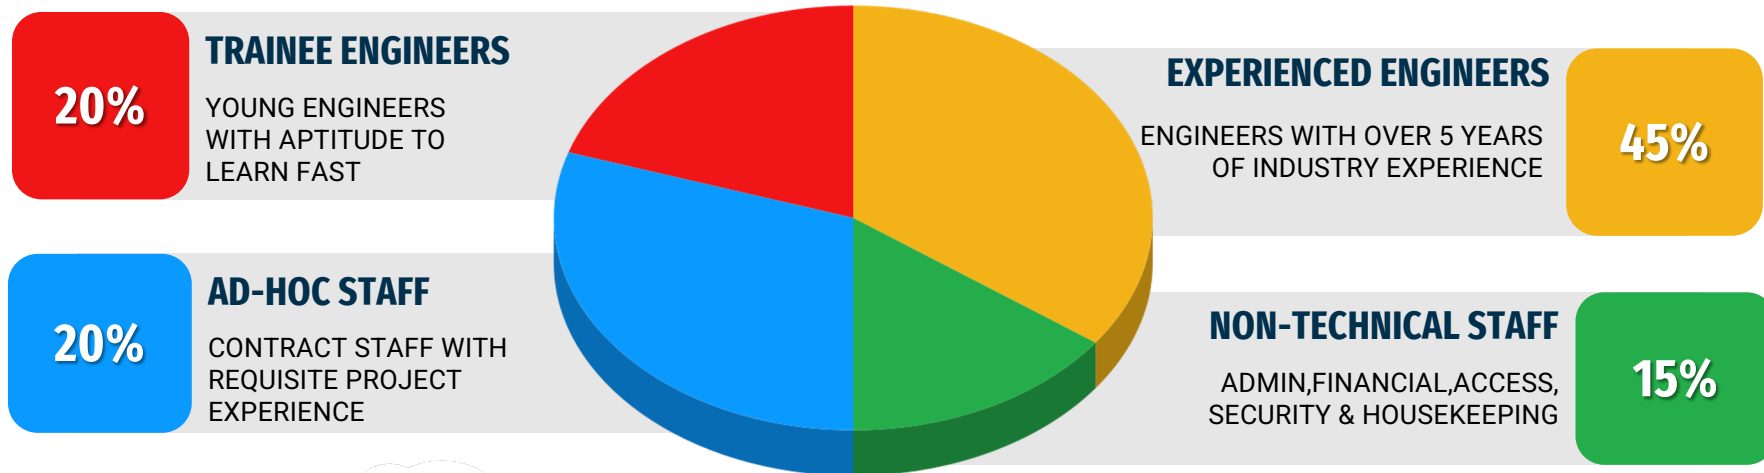

## Pipeline

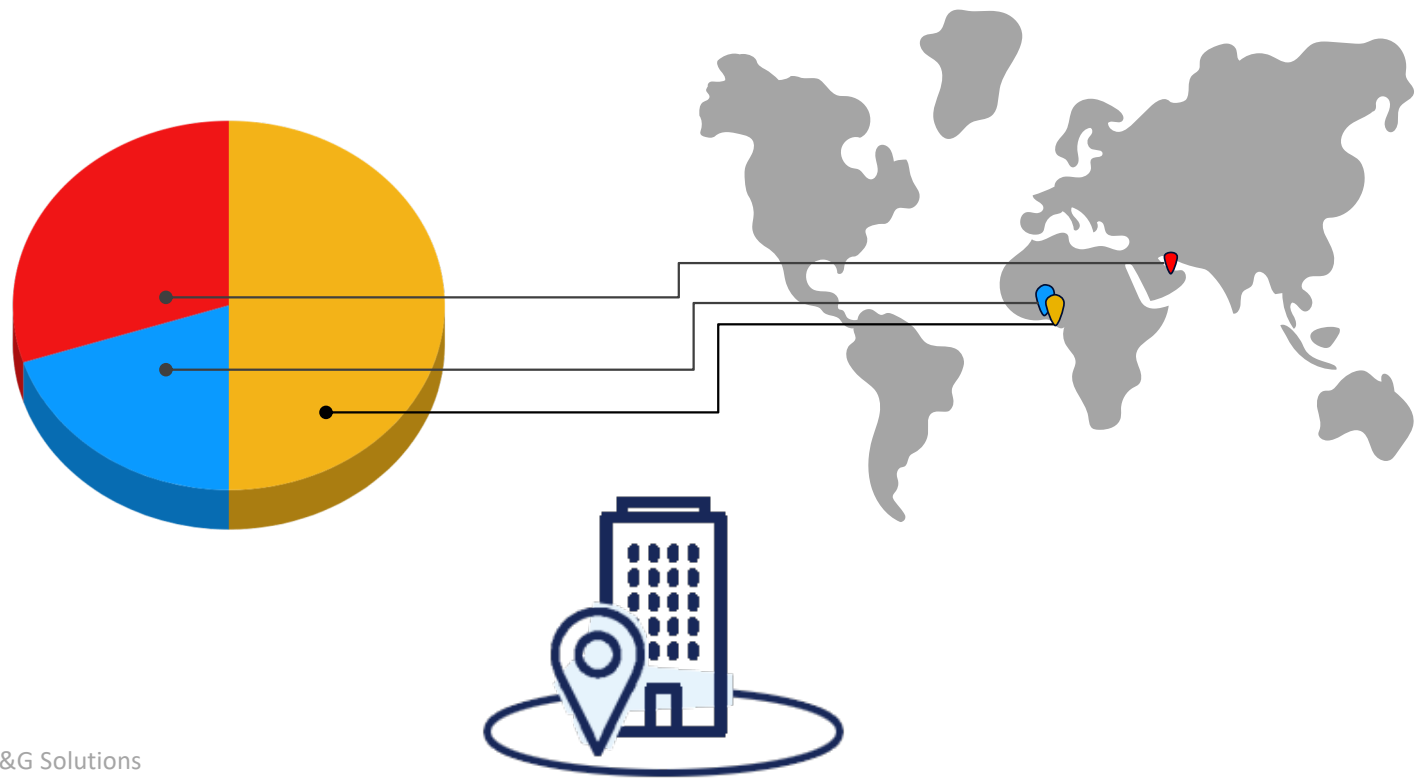

# Our Team

We have a successful team with a vast combined experience delivering excellence in the oil and gas sector.

## Our Base

We are domiciled in Nigeria as well as the United Arab Emirates with our clients largely based in Sub-Saharan Africa.

**PORT HARCOURT**

OUR HEAD OFFICE

**LAGOS**

OUR BRANCH OFFICE

**DUBAI**

OUR INTERNATIONAL OFFICE

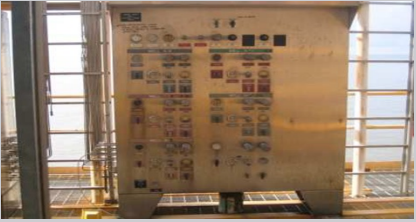

## Our Clients

A few of our dedicated clients in which we have successfully provided solutions include,

# Our Projects

We have successfully carried out different projects for our various clients, a few include;

PROJECT	CLIENT	PHOTO
Design of well control system for 5 new wells. <b>Agbani barge</b>	Moni Pulo Limited (Petroleum Development)	 
Design, fabrication and Installation of a HVAC System on Agbani Barge, <b>Abana East Offshore</b>	Moni Pulo Limited (Petroleum Development)	 
Coalescer Vessel change – out/upgrade. <b>Agbani Barge, Abana East Offshore</b>	Moni Pulo Limited (Petroleum Development)	 

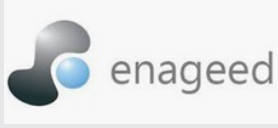

# Our Past Projects- (Moni-Pulo)

PROJECT	CLIENT		PHOTO
Design and fabrication and Installation of Third Stage Separator Vessel, <b>Agbani FPF</b>	Moni Pulo Limited (Petroleum Development)		
Design and fabrication and Installation of Coarse Strainer Vessel, <b>Abana East Offshore</b>	Moni Pulo Limited (Petroleum Development)		
Engineering design, construction & commissioning of pneumatic well control panels and ESD system. <b>Abana West Platform</b>	Moni Pulo Limited (Petroleum Development)		

# Our Projects – (Oriental Energy)

PROJECT	CLIENT	PHOTO
<p>Installation and Commissioning of new Jiskoot CoJetix Automatic Sampling system on Ebok FSO L.A.C.T Unit. <b>FSO LACT Unit – Ebok Field</b></p>	<p>Oriental Energy Resources Ltd</p> <div data-bbox="1196 523 1503 687">  <p>Oriental Energy Resources Limited</p> </div>	
<p>Modification of Crude oil Automatic sampling system. - Engineering, Fabrication, installation and commissioning. <b>MOPU- Ebok Field</b></p>	<p>Oriental Energy Resources Ltd</p> <div data-bbox="1196 807 1503 971">  <p>Oriental Energy Resources Limited</p> </div>	
<p>Design and supply &amp; restoration of Navigation Aids (Perimeter Lighting and Fog Horns) on <b>Okwok Jacket</b></p>	<p>Oriental Energy Resources Ltd</p> <div data-bbox="1196 1062 1503 1227">  <p>Oriental Energy Resources Limited</p> </div>	

# Our Projects – (Enageed Resources)

PROJECT	CLIENT	PHOTO
Provision of LACT Unit & Metering Station Upgrade <b>Crude Oil Metering Station– Oredo Flow Station</b>	Sahara Energy Group. (Enageed Resources) 	
Installation of 13 KBPD Oil Export Pumps <b>Ajoki Flow station, OML-148</b>	Sahara Energy Group. (Enageed Resources) 	
Procurement ,Installation of Air-Compressor Package <b>Ajoki flow Station, OML-148</b>	Sahara Energy Group. (Enageed Resources) 	

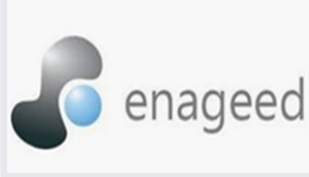

## Our Projects – (Julius Berger)

PROJECT	CLIENT	PHOTO
<p>Electrical and Mechanical Installation, Integration and Commissioning of WNS 6T Steam Boiler .</p> <p><b>Julius Berger Cashew Processing Plant Epe</b></p>	<p>Julius Berger Nigeria</p> 	
<p>Operations &amp; Maintenance of WNS 6T Steam Boiler</p> <p><b>Julius Berger Cashew Processing Plant- Epe</b></p>	<p>Julius Berger Nigeria</p> 	
<p>Fabrication of fresh interconnecting piping for gas supply to the Roaster .</p> <p><b>Julius Berger Cashew Processing Plant. -Epe</b></p>	<p>Julius Berger Nigeria</p> 	

# Our Projects – (Other Clients)

PROJECT	CLIENT		PHOTO
LACT Unit Turn Around Maintenance <b>Otakikpo EPF, OML-11</b>	Green Energy International Ltd		
Engineering Design, Manufacture & Installation of True-Cut Auto-sampling System complete with power supply panel, mixing & Circulating system. <b>Jisike Flow station L.A.C.T Unit</b>	Chevron – Nigeria		
Design, installation, and commissioning Jiskoot In-line Probe Sampling system <b>AMUKPE LACT UNIT</b>	Pan Ocean Oil Corporation		

## Ongoing Projects

CLIENT	PROJECT NAME	OWNER	PROJECT DESCRIPTION
Moni Pulo Limited (Petroleum Development)	Modular Fuel Gas Booster/ Gas Lift Compressor Installation Project <b>Agbani Barge OML-114</b>	 <b>MONI PULO</b> <small>(PETROLEUM DEVELOPMENT)</small>	Front End Engineering Design, Detailed Engineering Design of Gas Compressor complete with PLC control systems.
Enageed Resources (Sahara Group)	Procurement Installation & Commissioning of Air- Compressor Package <b>Oki-Oziengbe Flow-Station</b>	 <b>enageed</b>	Procurement , Installation & Commissioning of a containerized air-compressor Package.

## Why choose us?

Providing solutions to the oil & gas industry is our only business, as we provide our Customers with;

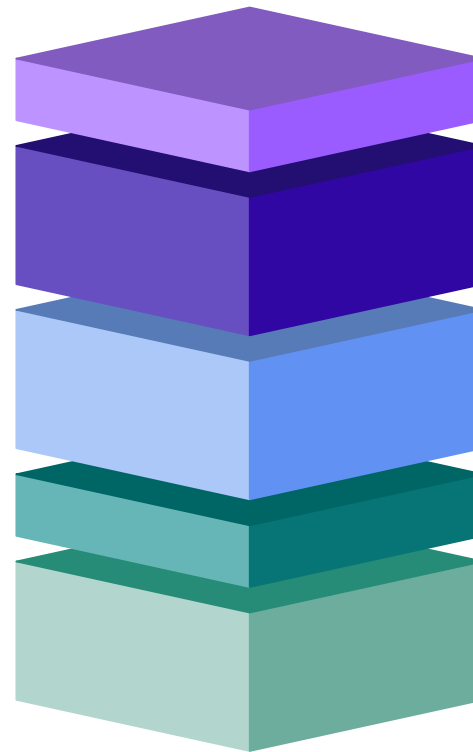

Superior services in the business of field development and operations

Reduced cost of learning curves

Guaranteed return on investment

Our solutions are tailored to satisfy client's specific needs

Improved overall business performance of our clients that help meet their business objectives
